

Acu-Gas

HDPE Pipe Solution for Gas Pipelines

Acu-Gas HDPE Pipe is the product of choice for below-ground natural gas, LP gas mains and distribution pipelines. It is approved under AS 5601-2004: Gas Installations.

This lightweight product can offer project efficiency as it is easy to transport, handle and install.

Its integrity and durability is proven in the field by utilities Australia wide. Its flexibility can accommodate minor changes in direction and ground movement.

Acu-Tech can also provide a large range of fittings and ancillaries that are specified and listed in the ATCO and APA Gas Materials Catalogue.
